

# LIFE SCI NYC

## INTERNSHIP PROGRAM

## FIND PAID INTERNSHIPS IN ONE OF THE FASTEST GROWING INDUSTRIES IN NEW YORK CITY!

We are seeking talented and dedicated students in science and technology, business, marketing, communications, finance, data science, psychology, and beyond!

**APPLY NOW:** One application provides access to dozens of PAID internship opportunities

### EXPLORE UNIQUE CAREER PATHS

- Gain insight on drug discovery and development processes
- Discover a range of career options in biotech, pharma, medical devices, digital health, marketing agencies, non-profits, and more
- Many internships lead to ongoing job offers

### BUILD YOUR NETWORK

- Participate in Boot Camp, an intensive training program offering professional development, career exploration, and industry insights
- Attend enrichment events at life science locations throughout NYC with fellow interns and industry leaders
- Benefit from ongoing alumni programming

### DEVELOP ESSENTIAL SKILLS

- Learn from experienced leaders in the industry
- Improve your public speaking and presentation skills
- Network with senior leadership at your host company and beyond

## APPLICATION PROCESS OVERVIEW

## DETAILS

### Overview

- The program provides quality internships for undergraduate and graduate students, offering hands-on experiences that both build critical skills and enhance interns' resumes
- Interns will also be invited to participate in a dynamic range of events including intensive training, networking receptions, industry career panels, and site tours, and will have opportunities to meet industry leaders and more.

### Applications for 2023-2024 academic year open September 1st, 2023

- As applicants are placed on a rolling basis, we recommend submitting an application as soon as possible to increase the likelihood of getting placed.
- Students who apply prior to our early bird deadline of December 31, 2023 have a higher likelihood of being placed into internships.

### Eligibility

- Open to students currently enrolled in a New York City-based college or university, or New York City residents currently enrolled in any college or university.
- Recent grads (spring 2022 or later) are also eligible.
- Must be legally eligible to work in the U.S.

**INTERNSHIPS OFFERED FOR BOTH ACADEMIC-YEAR AND SUMMER**

**ALL INTERNSHIPS ARE PAID, CAREER-FOCUSED POSITIONS**

### PROGRAM BACKGROUND

New York City is a world leader in life sciences, serving as the home to many of the world's top pharmaceutical companies, academic medical centers, research foundations, startups, investment firms, and philanthropists. Recognizing the large economic opportunity, the City is laying the groundwork for its success by investing in the people, programs, and facilities that make the life sciences one of the fastest growing industries in New York City.
